A Q Spider placement drive was conducted on 02.04.2026 from 11:00 am to 4:30 pm for B.Com and BCA students at Bahumukhi Auditorium, KAPMC, and Shivamogga. The drive aimed to provide career opportunities and industry exposure to final-year students in the IT and software sector. The 5.5-hour recruitment process began with a company presentation by Q Spider officials, who explained job roles, training programs, and career growth paths. Students underwent aptitude tests, technical rounds, and personal interviews. The selection process focused on logical reasoning, programming basics, communication skills, and problem-solving ability. Faculty members and the placement cell coordinated the event to ensure smooth execution. Students actively participated with enthusiasm and professionalism. The drive proved highly successful as several of our students secured placements in Bengaluru (Blr) with Q Spider, marking a strong start to their professional careers. This placement drive was valuable for bridging the gap between academics and industry requirements. It motivated students to develop technical and soft skills. The success reflects the department's commitment to student employability and career development, encouraging more students to prepare for competitive placement opportunities in future.
