The programme was conducted in the college auditorium with the objective of promoting awareness about linguistic diversity, cultural inclusion, and the role of language in shaping individual and collective identities.

The workshop provided participants with an opportunity to explore the relationship between language, culture, and society. Through interactive discussions and activities, students gained insights into the importance of respecting linguistic differences and embracing diversity in a multicultural world. The programme encouraged participants to reflect on the significance of communication, inclusivity, and cultural understanding in both academic and social contexts.

The resource persons shared their expertise on various aspects of language and diversity, highlighting how languages contribute to preserving cultural heritage and fostering meaningful interactions among people from different backgrounds.
