#### An industrial visit to Vath Jath Pharma

**Date:18-11-2024**

**Time:3.30 PM to 5.00PM**

**Venue : Kumta, Karnataka**

An industrial visit to **Vath Jath Industry** was organized to provide students with practical exposure to industrial operations and manufacturing processes. The visit aimed to bridge the gap between classroom learning and real-world industrial practices.

During the visit, the officials of the industry welcomed the students and introduced the company's history, objectives, and major products. Students were taken on a guided tour of the production unit, where they observed various stages of the manufacturing process, quality control measures, safety practices, and the operation of modern machinery. The technical staff explained the importance of efficient production planning, quality assurance, and environmental responsibility in industrial operations.

The visit also included an interactive session in which students had the opportunity to ask questions and clarify their doubts regarding manufacturing techniques, workplace safety, and career opportunities in the industrial sector. The experts shared valuable insights into current industry trends and the skills required for professional success.

Overall, the industrial visit was highly informative and beneficial. It enhanced the students' practical knowledge, strengthened their understanding of industrial processes, and provided valuable exposure to the working environment of a modern manufacturing industry. The experience was enriching and helped students appreciate the application of theoretical concepts in real-world situations.
