SPECIAL LECTURE ON "PAPER ANALYSIS IN CHEMISTRY"

Date:01/10/2026

Time:01.45 PM to 04.45PM

Venue : Class Room 309

Resource Person: Dr. Somashekhar B, Associate Professor, GFGC Bapuji Nagara, Shivamogga

The Sphatika Chemistry Club organized a special lecture on "Paper Analysis in Chemistry" on 1 October 2026, from 1:45 PM to 4:45 PM. The programme was conducted under the guidance of Dr. Sandhya Kaveri K.

The special lecture was delivered by Associate Professor Dr. Somashekhar B., who provided an informative and insightful presentation on the principles, techniques, and applications of paper analysis in chemistry. The lecture helped the students understand the importance of analytical techniques and their applications in the identification and separation of chemical substances.

The programme was conducted in the presence of K. R. Madhuri, Head of the Department of Chemistry, and Shruthi SMG. The students actively participated in the session and benefited from the expert guidance and practical insights provided by the resource person.

The lecture was highly informative and helped enhance the students' understanding of analytical chemistry. The programme also encouraged students to develop greater interest in chemical analysis and its applications in research and industry.

Conclusion

The special lecture was successfully conducted and served as an effective academic enrichment activity of the Sphatika Chemistry Club. The session concluded with a note of appreciation to the resource person, faculty members, and students for their valuable participation and support.
